## 5. A global action: **RUN4UNITY** (R4U) **“In Time for Peace”**

It is a unique international event because it connects young people from all over the world who, within 24 hours, from one time zone to another, work for the same objective: **to contribute to the realization of peace and unity of the human family.**

**Global sports relay race:** days of games and races to overcome any difference. **Sport joins the solidarity** and experiences of **active citizenship** in places where loneliness, poverty and marginalization prevail.

In various parts of the globe, personalities from the world of sport and culture, and civil and religious authorities are involved.

### **Caratteristiche di Run4Unity**

**Pass the baton** - Through a phone call, a message or a web link, the “handing over of the witness” occurs from the cities located in a time zone to those of the next time zone; these are also opportunities for inter-city exchanges.

**Time-Out** - In each time zone, the relay race stops at 12 noon for a minute of silence or prayer for peace.

**Golden Rule** - In each activity, we try to put into practice the so-called “Golden Rule” that invites us to “do to others what we would like them to do to us”, an ethical principle present in almost all cultures and religions.

**Note:** see complete Kit at [www.run4unity.org](http://www.run4unity.org)
